What was your highlight of your exchange experience?

My Erasmus semester to Austria helped me grow, as I became more independent, confident, and pushed myself outside of my comfort zone

"My time in Austria is something I will never forget. My Erasmus semester to Austria helped me grow, as I became more independent, confident, and pushed myself outside of my comfort zone. I never thought I would find such fun people who were so similar to me, we became so close in less than a few days or in some cases a few minutes.

Everyone I met is so kind and welcoming, and is genuinely intrigued in me. It has been the most amazing year of my life, and it's an experience I'll never forget and hold on to forever. I made myself a second life over there, with friends and a family and I know that will never change.

This experience is something that I will remember forever, and I am so grateful to have been given the opportunity. I am thankful to ERASMUS+ for giving me an experience of a life time."
