

Prüfungsplan SoSe 2022 (Examination Plan for Summer Semester 2022) Maschinenbau / Mechatronik (Mechanical engineering / Mechatronics)

IMPORTANT: You are automatically registered for the modules and the corresponding examinations according to your admission letter.

If you want to **change** or **deselect modules**, please use the change form at <https://www.hs-kl.de/angewandte-ingenieurwissenschaften/studierende/formulare-downloads/formulare-master>. Change approval is subject to available capacity. Applications are handled in the order of their arrival. Please remind that modules can only be changed or deselected by sending or handing in the change form to the Examination office (“Prüfungsamt”) **before** registration or withdrawal deadline, respectively.

Note: If you change to a **R&D-module**, a **Internship for Master’s thesis** or **Master’s Thesis** which must be approved, you will **still need** to fill in the **corresponding form** and to **register** at **Examination Office**.
